The Administrator has received a complete application to revise the Permit to Construct and Operate a Class I Disposal Site, which was issued to the following applicant on December 7, 2001:

Crestline Recycling and Disposal, Inc.

The applicant is seeking authorization to revise the Permit to Operate a Class I Disposal Site at:

NW1/4, SW1/4, SE1/4, S1/2 NE1/4, sec. 26; W1/2 SW1/4, sec. 25; N1/2, sec. 35; and, W1/2 NW1/4, SE1/4 NW1/4, NE1/4 SW1/4, SE1/4 sec. 36, T3S, R70E MDB&M., approximately ten miles south of the intersection of State Route 319 and former State Route 75 in Lincoln County, Nevada.

The requested permit revision provides that as portions of the landfill reach final design elevations, final cover will be installed on completed areas concurrently with operations. On the basis of a review of the requirements of the Nevada Administrative Code (NAC) and implementing regulations, the Administrator proposes to issue a revised permit to construct and operate a Class I Disposal Site as described in the permit application and request for revision.

Note: This notice is for electronic distribution.

The applicant or any interested persons may comment on this proposed intent by the Administrator regarding permit revision issuance, or request a hearing pursuant to the Nevada Administrative Code by submitting their comments or request, in writing, by Monday, March 22, 2004 to:

Division of Environmental Protection
Bureau of Waste Management
Solid Waste Branch
333 West Nye Lane

All comments or requests for a public hearing received by March 22, 2004 will be addressed in final determinations regarding the application. A request for a public hearing must state the nature of the issues the requester intends to raise at the hearing. The Administrator may extend the period for public review as deemed necessary.

If written comments indicate a significant degree of public interest in the proposed permit, the Administrator may schedule a public hearing. A public notice of such hearing will be issued and published in a newspaper of local interest at least 30 days before the date of the hearing.

A statement responding to written comments on the proposed issuance of the revised permit shall be issued. Copies of the statement will be sent to the applicant, person(s) who submitted the written comments, and all other persons who specifically request, in writing, a copy of the statement. A copy of the statement will be made available for inspection by the general public at a location to be determined by the Administrator.

Within 30 days after the end of the period for public review, the Administrator will issue a revised permit to operate the disposal site, or, deny the revision application and send written notice to the applicant which details the reasons why the revised application is being denied.
